Dear Judge Forrest:

Counsel for the Heiser Plaintiffs (the "Heisers") in the above-referenced case request that Your Honor allow us to arrange for the provision of secure high-speed wired Internet access in the courtroom. The Internet connection will enable the Heisers' counsel in the courtroom to stay connected to our online case repository and resources in the office during critical moments of the proceedings. This will greatly facilitate the Heisers' representation of their clients, as well as all of the Judgment Creditors. In addition, we will be able to reduce the files and personnel we bring into the courtroom, as well as the traffic to and from the courtroom during proceedings.

Subject to your approval, we will retain Courtroom Connect to provide these services, a vendor who has a contract with the Southern District of New York to be the exclusive provider of Internet access for attorneys. Courtroom Connect does not require any court resources to provide service, and has already installed the necessary network infrastructure in the court that is completely independent of the Court's existing systems. Courtroom Connect only needs the permission of the Court to temporarily activate connections inside the courtroom. This can be done easily, and, of course, will be paid for by the Heisers at no cost to the Court.

The following describes how Courtroom Connect restricts access to the network and ensures compliance with court security and directives:

- Onsite support, maintenance, monitoring, off-site user authentication, and many other measures are provided to ensure the highest levels of security and reliability.
- The network is completely separate from the court's internal network; it is therefore physically impossible for information on the court's existing systems to be accessed or compromised.

Courtroom Connect will make all necessary arrangements with the Court's District Executive office and computer networking personnel. Sumit Chatterjee (phone: 650-814-5776) from Courtroom Connect is available to answer any questions about service and can provide any additional information that you would like.
